CANON CANADA INTRODUCES A NEW LINE OF imagePROGRAF MFP IMAGING SYSTEMS

MISSISSAUGA, ON, January 31, 2012 – Canon Canada’s Consumer Imaging Group is pleased to announce a new category to the award-winning line of imagePROGRAF printers - the imagePROGRAF MFP large format imaging systems.

This new line of all-in-one large format imaging solutions represents a complete Scan-to-Copy/File/Email solution, ideal for architecture, engineering, construction, computer-aided design and the Geographical Information System technical documents market.

Canon is offering a line-up of four bundled systems as an affordable solution that provides fast and effective large format image capture-to-output for the technical documents market.

“This new category in our large format printer line demonstrates Canon’s commitment to delivering innovative end-to-end imaging solutions to our users,” said Ian Macfarlane, Senior Vice-President of Sales and Service Operations, Canon Canada, a wholly owned subsidiary of Canon USA. “These space saving MFPs bring together powerful features, intuitive controls and unrivaled image quality.”

Ideal for scanning, copying, emailing, archiving and printing documents such as, maps, drawings, renderings, schematics and more, the Canon imagePROGRAF MFP imaging systems are designed to be versatile solutions. Users are not limited to specific printer size and a single price point. Canon provides options such as the productive 44-inch front-loading dual roll iPF825 MFP, or the affordable 36-inch iPF710 MFP.

imagePROGRAF MFP imaging systems include:

- Contex SD3615, 36-inch or SD4420, 44-inch colour scanner utilizing CIS Technology
- Large 17-inch touch monitor with intuitive interface
- Nextimage MFP multi-function scan/copy/print software
- Acer PC (Win 7, 64 bit OS)
- Printer Stand
- imagePROGRAF iPF825, iPF815, iPF750, or iPF710 printer

Item No.	Description	MSRP
