ENJOY HIGH-QUALITY PRINTS WITH ONE OF CANON'S STYLISHLY COMPACT THREE-IN-ONE HOME PRINTERS

Brampton, ON., Dec. 8, 2016 – Canon today unveils a newly designed PIXMA inkjet line-up with design, connectivity and creativity at their centre. No matter your needs, Canon offers something for everyone with its entry-level PIXMA TS5020 series, mid-range PIXMA TS6020 series, PIXMA TS8020 series and its top-of-the-range PIXMA TS9020 series.

Seamless connectivity
Thanks to integrated Wi-Fi® connectivity, each PIXMA offers wireless[1] printing from PCs, smartphones and tablets via the improved Canon PRINT app for Android and iOS[2]. Access Point Mode lets you connect directly to the printer without needing a router or Wi-Fi® password, making it easy to share your printer with visiting friends and family.

The PIXMA TS9020 series and PIXMA TS8020 series' PIXMA Touch & Print feature, accessed via the Canon PRINT app on Android devices, allows you to simply connect your NFC[TM]-enabled smartphone or tablet and create a print or scan. The PIXMA TS9020 series' Ethernet connection gives you the freedom to share the connection between multiple PCs on a network.

With the PIXMA TS9020 series, PIXMA TS8020 series and PIXMA TS6020 series, the LCD touch screens provide access to the PIXMA Cloud link[3], which connects to your favourite cloud services, so you can quickly print a photo or upload a document to read on the go[4]. If you love social media, the PIXMA TS9020, TS8020 and TS6020 printers can connect to Instagram™, bringing your favourite photographs to life – even as 13x13cm (5x5") prints on Canon's new square glossy photo paper.

Modern, compact designs for stylish and connected homes
The compact, sleek designs are the most distinct and eye-catching yet, making your PIXMA a piece of art in the home. The contrasting mirror and matte finish of the PIXMA TS8020 series and PIXMA TS6020 series add instant shine in any room, while those wanting to make an artistic statement can with the PIXMA TS9020 series' cutting-edge box aesthetic. The front tilt panel and large LCD screens provide quick access to the all-new intuitive single screen home menu, mirroring the Canon PRINT app's simple navigation and functionality.

Quick and easy quality home printing
The PIXMA TS5020 series and PIXMA TS6020 series' five individual ink tanks provide fast, high-quality printing on both plain and photo paper. Using an additional grey ink tank and enhanced photo black ink, the PIXMA TS9020 series and PIXMA TS8020 series both improve photo print quality, with richer details in dark and shaded areas, making them ideal for photography enthusiasts. Optional XL cartridges across all models allow you to print more pages, while the single ink cartridges minimize waste, with each colour individually replaceable.

Get creative from the comfort of your home
From photos, to double-sided documents, or personalized birthday cards and a child's artwork, the new PIXMA models are compatible with a wide range of paper types and sizes, thanks to the new rear paper feed. In addition to this, a front cassette on the TS9020 series, TS8020 series and TS6020 series means

users can simultaneously have plain paper for documents in the front cassette whilst having photo paper loaded in the rear tray making light work of printing both document and photos without having to switch paper between prints. Both the PIXMA TS9020 series and the PIXMA TS8020 series feature direct disc printing via the Canon PRINT app.

The PIXMA TS9020 series, PIXMA TS8020 series and PIXMA TS5020 series can also print your photos straight from an SD memory card, without the need for a PC. With SD card printing on the PIXMA TS9020 series, you can even add creative filters directly onto your photos from the large 12.6cm (5") printer touchscreen itself, for inspiration at the touch of a button.

PIXMA TS5020 series key features:

- All-In-One printer that's compact, elegant and affordable
